

Epo-chem™ RS 500P

Solvent-free, Wet & Rust Tolerant Epoxy Primer

RS 500P is an innovative **solvent-free**, wet & rust tolerant epoxy primer/finish coating.

This system's long-term performance is based on completely sealing the surface and arresting the rust totally.

RS 500P can combine with **RA 500M** to make a multi-functional, ground-breaking coating system used across many applications.

System Benefits

- **Solvent-free**
- Wet and rust tolerant
- Excellent adhesion properties
- Can be applied in any environmental condition
- No humidity or dew point restrictions
- No nearby operational shutdown required during preparation and application
- 100% Solid / Zero VOC
- No recoating limitations
- User friendly with ease of application
- Reduced H&S risk and Fire Hazard
- Quick back-in-service times

Application Areas

- All Tank Internals
- Pipework (internal/external)
- Decks (internal/external)
- Hatch Covers
- Cargo Holds
- Accommodation Blocks
- Underwater Areas
- Engine Rooms
- And many more...

Applying RS 500P on a wet & sweating substrate

RS 500P stripe coat applied in a potable water tank

Applying RS 500P in a swimming pool
