

## Chem-TECT™ RB 364

### *100% Solid Glassflake Vinylester Tank Lining*

**RB 364** is a 100% solid vinylester system, reinforced with glassflake.

This system is typically used as a tank lining system offering excellent resistance to the most aggressive chemicals at high temperatures such as acids and solvents.

#### System Benefits

- 100% Solid
- Excellent resistance to aggressive chemicals and high temperatures
- Ideal tank lining for multi-purpose chemical storage vessels
- Excellent resistance to thermal ageing, severe corrosive and abrasive environments
- Full pH protection (1-14)
- Maintenance free and easy to repair
- Fast curing allowing quick recoating, quick application and quick back-in-service times

*RB 364 applied in a chemical tank*
