

Epo-chem™ RC 500GTC

Innovative Chemical and UV Resistant Epoxy Acrylic Topcoat

RC 500GTC is a state-of-the-art, high performance epoxy acrylic topcoat. This unique system has exceptional chemical and UV resistance for exposed surfaces where colour retention, high gloss and an aesthetically-pleasing finish are required.

This **amine-free** coating was specifically designed for applications where the use of isocyanate-based (polyurethane) products is prohibited.

System Benefits

- Exceptional chemical and UV resistance
- Exhibits outstanding opacity in just one coat
- Excellent colour retention and high gloss finish
- No recoating limitations
- Amine and NCO free (VOC compliant)
- Provides a long pot life and short drying time; improving productivity and reducing downtime

Application Areas

- Tank and Pipe Externals
- Offshore Platforms
- Topsides / Boottops
- Swimming Pools
- Splash Zones
- Decks and Balconies

High gloss finish of RC 500GTC
