

Chemco's Key Benefits

For New Builds

Chemco can offer substantial time and cost saving benefits for the building of new vessels.

Our range of innovative coating systems provide efficient, environmentally friendly solutions for almost all vessel application areas.

Benefits

- Majority of coatings are **solvent-free** (or water-based)
- Shop primer compatibility
- Full vessel specification with small number of products
- Minimally prepared surface preparation standards
- Reduced number of coats required
- Reduced dehumidification and ventilation equipment requirements
- Shorter recoating intervals
- Significantly reduced Health & Safety concerns and threat of Fire Hazard
- Reduced downtime for labour squad

Application Areas

- All Service Tanks
- Decks
- Superstructures
- Internal and External Fittings
- Cargo Holds
- Accommodation and Stores
- Hull
- Swimming Pools
- Engine Rooms, Bilges and Battery Rooms

Certificates & Approvals

- ABS Certified—Ballast Tank Maintenance (inc. on wet & rusty steel)
- ABS Certified – IMO PSPC-COT Approved Oil Cargo Tank Coating
